Cost Effective Recruiting

In today's fast changing business environment, organizations must find innovative ways to meet their workforce needs while managing hiring costs.

Traditional advertising and job postings can be expensive and often fail to produce the right candidates. At Donna Cornell Enterprises, we focus on identifying highly qualified professionals through targeted search and industry networks.

A position left unfilled for too long can be far more costly than a professional search. Our goal is to help organizations secure the talent they need while keeping recruitment efficient and cost effective.

We are committed to working with urgency, persistence, and careful evaluation to identify candidates who can contribute immediately.

If your organization is facing a challenging hiring need, we would welcome the opportunity to assist you. **Give us a call!**
